

*Garrick Club Library*

Bought at the sale of Louis Haghe's  
 Library & Engravings. Christie, Manson,  
 & Woods. August 7, 1885. Lot 48, described as,  
 "Scene Painting. Drawings, Stage Scenery, etc.,  
 in a volume. Bought by me. I had it re-halft bound  
 by Hogarths, who cleaned the drawings, some  
 of which were very dirty. There is the date 1816 on  
 some of the drawings. These drawings were, probably,  
 sketches made from the scenes and kept together  
 for reference, in the event of special scenes being  
 required for new plays. I showed the volume  
 to Mr. James Anderson, once a Lessee of Drury  
 Lane Theatre; & he said he thought the volume  
 had at one time probably belonged to that  
 Theatre or to its scene-painter. The names  
 of the scene painters are written under the drawings.  
 They are Clint, Grieva, and Andrews.  
 J. Percy. Nov<sup>r</sup>. 8. 1885.
